## **BITS- CSP 2+2 International Collaborative Programmes' Admissions**

BITS Pilani (an Institution of Eminence in India) and CentraleSupélec Paris (a 200-year-old elite School of Engineering, alma mater of Eiffel, Michelin, Peugeot and founding member of Paris-Saclay University in France ranked #12 worldwide, home to 22 Nobel Laureates or Field Medalists) have partnered to offer an exciting opportunity for students to pursue unique collaborative academic programmes at the international level. Students can pursue a dual degree programme whereby they can obtain an engineering degree from BITS Pilani and a bachelor's degree in engineering from CentraleSupélec Paris (CSP) upon successful completion of the programme requirements.

Students admitted under this collaboration will have the unique opportunity to immerse themselves in diverse cultures and gain a truly global perspective. In this four-year collaborative 'dual degree' programme, students will spend the first two years along with a summer term at BITS Pilani campuses before transferring to CS Paris in France for the remaining two years (i.e., years three and four) of their study period. Our innovative curriculum combines the strengths of both academic environments, offering an outstanding education that would prepare them for success in today's rapidly changing world. With state-of-the-art facilities, inspiring faculty, and a wide range of extracurricular activities, this collaboration is the perfect place to launch students' productive academic and professional journeys.

It is planned to admit students in the following undergraduate programmes from two leading universities from the Academic Year 2025-26 programmes onward.

- B.E. Computer Science by BITS Pilani, Pilani Campus and B.E. Computer Science & Artificial Intelligence by CentraleSupélec Paris.

- B.E. Computer Science by BITS Pilani, K K Birla Goa Campus and B.E. Computer Science & Artificial Intelligence by CentraleSupélec Paris.

## **1. Eligibility Requirement for Admission:**

Admissions will be made purely on merit for these programmes offered under these 2+2 International Collaborative Programmes. The candidate's merit position for admission will be based on the score obtained by the candidate in the BITSAT-2025. Thus, applicants must undertake the BITS Admission Test (BITSAT) and achieve a score that meets or exceeds the relevant cut-off score for admission to the BITS-CS Paris programmes. #### **Scholarship**

BITS-CS Paris 2+2 International Collaborative Programmes' students are eligible for the Scholarship for components of the programme delivered at CentraleSupélec Paris, France. CS Paris Engineering Cohort Merit Scholarship levels are based upon successful engagement and academic performance in the first 2-year component of the programme at BITS Pilani. Students will be eligible for the CS Paris Engineering Cohort Merit Scholarships of up to € 12,000/year for 2 years based on successful engagement and academic performance in the first 2-year component of the programme at BITS. About

70% of students admitted to First Degree programmes under this 2+2 International Collaborative Programmes will get an annual scholarship in the range between 12,000 EURO to 3000 EURO as tabulated below:

Scholarship in Year 3 and Year 4 at CentraleSupélec, France	Scholarship level per academic year (in EURO)
Top 10% Students	12,000€
Next 15% Students	6,000€
Next 45% Students	3,000€
Remaining 30% Students	No Scholarship

As far as the initial two years of study at BITS Pilani campuses are concerned, students admitted to the 2+2 international collaborative programme with CentraleSupélec Paris are not eligible for a separate or specific scholarship category. However, they may compete with other BITS students of their batch for Merit and Merit-cum-Need (MCN) scholarships, based on their performance, alongside those admitted through BITSAT. These scholarships will be awarded as per the same eligibility criteria, and merit lists applicable to BITSAT-admitted students. It is important to note that the tuition fee waiver for such students will be capped at the same levels as those granted to students in the regular 4-/5-year programmes at the Indian campuses. Candidates can refer to the [scholarship page link](#). For the final two years at CentraleSupélec Paris, students may avail scholarship opportunities as outlined above, subject to the scholarship policies of CentraleSupélec applicable to this cohort.

More information is available at [CS Paris website](#).

In addition, during their second year after being admitted to this 2+2 collaboration, students must successfully apply for the **student visa** needed to enter France as a student. Information about visas for non-EU international students is available here:

- [France Visas](#) (government website)

Whether or not non-EU students need a visa, they must comply with several conditions on their arrival in France, including obtaining a residence permit. More information shall be presented upon the arrival of students at CS.
